I. **Background:**

The purpose of this Request for Proposal (RFP) is to identify and fund an entity that will provide oversight and functional alignment of the American Job Center system for the Southeast Tennessee Local Workforce Development Area. Entities who wish to submit a proposal are not required to be physically located in the local area; however, employees directly charged to the award are required to be employed in the local area. Staff charged to the grant as indirect administration for oversight may be considered an exception. Please fully disclose the planned staffing model in the response. The proposal submission will be considered part of the contract.

As directed in TN Workforce Services One-Stop Operator and Career Services Provider Procurement Policy, The One-Stop Operator (OSO) and Career Service Provider (CSP) for Adult, Dislocated Worker, and Youth programs must be procured as separate entities. Should an entity be awarded an OSO contract, the same entity would not be eligible to provide Career Services. Entities seeking to provide Career Services should take this in consideration prior to submitting a proposal. For additional policy details, see TN Workforce Services One-Stop Operator and Career Services Provider Procurement Policy in **Attachment E**.

This project will be funded under WIOA, a federal program funded through the U.S. Department of Labor and the State of Tennessee Department of Labor and Workforce Development. WIOA is a primary source of federal funds for workforce development activities throughout the nation; however, the legislation requires multiple partners to contribute to infrastructure, operations, and services. WIOA funds are awarded to the Chief Elected Officials (CEOs) of a Local Workforce Development Area (LWDA) to serve two primary customers: job seekers and businesses through a One-Stop system branded as the American Job Center (AJC) system.

The intent of WIOA is to strengthen the workforce system through innovation and alignment of services to promote individual and economic growth, meeting the business and industry needs in the local area. One of the main purposes is to assist individuals with barriers in increasing their access to employment, education, training, and support so they may succeed in the labor market. The AJC network in a LWDA must include at least one comprehensive AJC with services offered by all required partners and may include additional affiliate centers and/or access sites.

A Local Workforce Development Board (LWDB), appointed by the CEOs and approved by the Governor, oversees the workforce system and activities in a LWDA. The Board is responsible for meeting performance goals negotiated with the TDLWD. To fully understand the work contained herein, a review of the WIOA final regulations is advised. Hyperlinks to all reference materials are included in **Attachment E**.

The Chief Elected Officials of the Southeast Tennessee Workforce Development Area have appointed the Southeast Tennessee Local Workforce Development Board to oversee workforce services in Bledsoe, Bradley, Grundy, Hamilton, Marion, Meigs, McMinn, Polk, Rhea, and Sequatchie Counties. The Board is comprised of representatives of private sector employers, higher education, organized labor, non-profit organizations, and public entities and is entirely voluntary. The Board, in consultation with the Chief Elected Officials, is responsible for the oversight and selection of providers to form partnerships with the Administrative Entity/Fiscal Agent, the Southeast Tennessee Development (SETD), in the delivery of One-Stop services.

All communication regarding contract deliverables will be made through the Administrative Entity/Fiscal Agent (SETD) designee, Michele Holt, the Workforce Director at mholt@sedev.org.

Mission:

To create a fully integrated comprehensive workforce development system that aligns business needs with the region's skilled workforce.

Vision:

Our vision is to collaborate with partners to coordinate a defined and innovative path that positions Southeast Tennessee as the best local workforce region for equitable opportunity among residents and industry.

Definitions and Acronyms:

Workforce Innovation and Opportunity Act (WIOA) – a federal program for workforce development activities that is administered by the State of Tennessee Department of Labor and Workforce Development through nine LWDA's or Local Areas that are geographically designated by the Governor. For purposes of this RFP, the geographic area is Southeast Tennessee Workforce Development Area.

State Workforce Development Board (SWDB) – Oversight and policy making board appointed by the Governor to oversee the system.

Local Workforce Development Board (LWDB)- Oversight and policy making board that is appointed by the Lead Chief Elected Official with multiple responsibilities as defined in WIOA, but inclusive of a provision that certain operators and service providers be competitively procured.

Chief Elected Official (CEO) – The lead elected official in each county within the LWDA that develops an agreement to designate the fiscal agent and the appropriate member of the LWDB per Section 107 (b) of WIOA. The agreement also designates a Lead Chief Local Elected Official (CLEO) that will serve as the Grant Recipient.

Tennessee Department of Labor and Workforce Development (TDLWD) – As it relates to this RFP, the Governor of Tennessee has assigned the role of State Administrative Entity to the TDLWD. The TDLWD, under the direction of the SWDB is responsible for guiding the establishment of an integrated, statewide One-Stop service delivery system known as the American Job Center (AJC).

Fiscal Agent – Entity designated by the Chief Elected Officials who administers program funds, monitors, and contracts.

American Job Center (AJC) – A One-Stop center for job seekers and employers comprised of various service providers working to deliver seamless services.

Memorandum of Understanding (MOU) – The MOU is an agreement entered into by all mandated and additional partners in a local area that provides the framework for how services will be delivered seamlessly in the AJC. Mandated partners are required to be a party to the MOU and the IFA.

Infrastructure Funding Agreement (IFA) – The financial budget that details the costs associated with operations in an American Job Center, providing the details of cost sharing for each partner located in an AJC. The IFA is an attachment to the MOU.

Administrative Entity - May be the same as the Fiscal Agent but performs additional functions beyond monitoring and contracting to include serving as Staff to the Board (LWDB).

One-Stop Operator (OSO) – Entity procured by the Local Board to functionally manage all AJC operations and staff from multiple providers.

Career Services Provider (CSP) – Entity procured by the Local Board to provide staff to deliver Title I Career Services in the AJCs to targeted populations in cooperation with the Administrative Entity and Fiscal Agent.

RFP Summary and Roles:

WIOA provides for a customer centered workforce system that is accessible to all job seekers, and training that is job driven. Under WIOA, partner programs and entities that are jointly responsible for workforce and economic development, education, and other human resource programs, collaborate to create a seamless customer-focused American Job Center network that integrates service delivery across all programs to make it easier for workers to access the services they need to obtain skills and employment.

The One-Stop Operator complements the work of the Board and facilitates the oversight and delivery of workforce services in the local area through functional alignment for all WIOA mandated and additional partner programs in the AJC system as outlined in the local area’s Memorandum of Understanding (link in **Attachment E**). The role of the One-Stop Operator is to provide oversight and functional supervision for all American Job Center staff and offer a comprehensive set of employment and training services to those eligible for all partner programs One-Stop system.

The role of Business Services will be complementary to the employer engagement work that is initiated by the Local Workforce Development Board. The Administrative Entity will remain the primary contact for economic development as it relates to new and expanding industry and presentation of the workforce services available under the Board for the region. Coordination with the OSO and other AJC staff will be facilitated when appropriate.

The selected OSO provider will be responsible for managing the WIOA Performance Measures that are negotiated with the State by the Board and the performance of public workforce system overall, including but not limited to customer satisfaction and continuous improvement, intake and referrals systems, performance of service integration and team functions, etc. The negotiated performance targets and local Key Performance Indicators are summarized in the Summary of Performance – Negotiated Performance and KPI Targets section of this RFP. Entities selected and serving as One-Stop Operators are subrecipients of a Federal award and thus are required to follow the Uniform Guidance.

The types of entities that may be a **One-Stop Operator** include, but are not limited to:

The grant applicant understands that the United States has the right to seek judicial enforcement of this assurance.

IV. Funding and Contracting:

The Board will award funds to successful proposers to promote continuity and coordination of services identified in the RFP. The Board will award an initial contract to successful respondents effective **June 27, 2022 through June 30, 2023** with an **annual budget not to exceed \$350,000.00.** Subject to performance of deliverables and available funds, the selected entity may be eligible for up to three (3) additional one-year contract extensions based on performance as determined by the Southeast Tennessee Local Workforce Development Board and the availability of funding.

If a contract is awarded, the submitted proposal will become part of the official contract file. Any commitments made in the proposal will be binding on the contractor. The fiscal agent operates on cost reimbursement method. No expenses are reimbursable until a contract has been fully executed (signed by all parties). Monthly invoices are due by the 10th of the month for the previous month and must include sufficient documentation to support reimbursement. The provider may only enter into subcontracts with pre-approved written consent of the funder. Competitive procurement is required for all services that benefit the public, Office of Management and Budget (OMB) Super Circular (2 CFR 200.330).

The issuance of this solicitation in no way commits the Board to pay any cost for the preparation and submission of a proposal. The Bidder assumes all costs of preparation of the proposal and any presentation necessary for the proposal process.

Access Points as Determined by the Board

Note: Southeast seeks to expand access to the public workforce system by developing additional Access Points supported by the One-Stop Operator who will coordinate access via technology and ensure physical and programmatic accessibility.

All American Job Centers in the local area are required to be open during the hours of 8:00 a.m. to 4:30 p.m. Centers are located in both Eastern and Central time zones and will follow the hours of operation for the respective time zones. The Board reserves the right to establish service hours at other times to accommodate schedules of individuals who cannot access the centers during the core hours. Holiday closures must conform to TDLWD recognized holidays. One-Stop Centers must adhere to these holidays, regardless of the holidays that are observed by contract agent. If the AJC is located within a community college or other agency, then the hours of operation for the AJC must adhere to the TDLWD hours and holidays rather than the hours and holiday schedule set by the agency.

The STLWDB encourages access to services outside of regular business hours (such as nights and weekends) when doing so is possible and best serves the needs of the AJC customers. The OSO is responsible for planning and implementing flexible hours set by the local board.

Onsite partners may include the following: One-Stop Operator
Title I Adult, Dislocated Worker, Youth
Title II Adult Education
Title III Wagner Peyser

Job Corps
Others

Staff hired to work for the provider in the above centers and in conjunction with the partners will deliver services that include oversight and functional management of the American Job Center System in the local area, recruitment, and eligibility of customers, developing a service plan, referral to appropriate services, including but not limited to training, support services and maintaining follow-up with the customer to track and assure performance.

SETD will hold the lease on all AJCs and will provide dedicated office space and equipment for contracted staff. The AJCs listed above have been certified by the Tennessee Department of Labor and Workforce Development and will undergo an annual certification in partnership with the One-Stop Operator and approved by the Board. To maintain certification, all AJCs must have the equivalent of at least one full-time WIOA Title I staff member on site.

VI. Scope of Work:

The Local Workforce Development Board envisions a system where a One-Stop Operator will coordinate with various partners (who are co-located and not co-located) in the Southeast Tennessee region (Bledsoe, Bradley,

Grundy, Hamilton, Marion, McMinn, Meigs, Polk, Rhea, and Sequatchie) to provide a set of comprehensive and integrated education and training supports in partnership between the Administrative Entity (SETD) and referral contractors that offer unique expertise. These partnerships should increase the number of participants that are productively engaged in the workforce, thereby increasing self-sufficiency, labor force participation, and reducing poverty.

The OSO will also coordinate with the board to implement and execute on elements of the local and regional plan in coordination with the Regional Planning Council and areas of the Grand East Region. Planning document links can be found in **Attachment E**.

The following items are the other required duties of the OSO:

- Facilitate timely quarterly partner meetings. Frequency may be increased as needed to support local initiatives or responses to the labor market.

To ensure seamless service delivery within the AJC system, the OSO must:

- Hire and supervise “shared” staff to provide full-time coverage for the front desk/greeter and resource rooms (See Customer Support Specialists on page 11)

- Develop a plan to ensure adequate staffing within the AJC, to include cross-training of partner program staff.
- Ensure priority of service is given to targeted populations.
- Ensure that basic services are available (orientations, labor market information, resource room).

 - Traffic counts.
 - Customer sign-ins ~~to~~ according to each partner program.

- Develop mechanisms to evaluate and measure customer experiences (including but not limited to employers, jobseekers, and partner staff) for quality of service and continuous improvement.

Evaluate Negotiated Performance Measures:

To report on how well the AJC system is meeting negotiated performance measures the OSO must:

- Evaluate performance and implement required actions to meet performance standards. This does not include performance negotiations as this is specifically a Board requirement.
- Write a plan to address how the AJC system will support the Local and Regional Plans.

Summary of Performance - Negotiated Performance and KPI Targets

WIOA establishes performance accountability indicators and performance reporting requirements to assess the effectiveness of States and local areas in achieving positive outcomes for individuals served by the workforce development system's six core programs. These six core programs are the Adult, Dislocated Worker, and Youth Programs authorized by Title I of WIOA, the Adult Education and Family Literacy Act (AEFLA) program authorized under Title II of WIOA, the Employment Service program authorized under the Wagner-Peyser Act, as amended by WIOA Title III, and the Vocational Rehabilitation program as authorized under the Rehabilitation Act of 1973, as amended by Title IV of WIOA. WIOA provides a historic opportunity to align performance related definitions, streamline performance indicators, integrate reporting, and ensure

comparable data collection and reporting across all six of these core programs, while also implementing program-specific requirements related to data collecting and reporting.

Further guidance related to the core performance metrics for WIOA can be found in **Attachment E** of this RFP. Additionally, the STLWDA 2020 and 2021 negotiated performance targets and 2021 Key Performance Indicators can be viewed by following the link in **Attachment E**. The Board reserves the right to add additional performance metrics as necessary to assist in meeting the needs of the workforce.

Tennessee has established additional Key Performance Indicators that include enrollment and co-enrollment targets across partner programs. These KPIs will foster a continuous improvement model in Tennessee's public workforce system. The OSO will be responsible for managing and reporting to these performance measures to ensure that Southeast meets or exceeds the agreed upon targets. **Note: The current KPIs are under review by TDLWD. The current published KPIs were part of a soft target pilot and will move to hard targets effective July 1, 2021. Final negotiated KPI targets will be posted to the website. Entities will be required to follow any updated metrics as approved.*

Additionally, STLWDB and/or the Regional Planning Council may establish other measures outside of the negotiated performance targets. The Southeast LWDA is in the planning region of East Tennessee in coordination with East LWDA and Northeast LWDA. The OSO will be responsible for coordinating services across the planning region when necessary, to support consistency and alignment with the East Regional Plan. The OSO will be responsible for managing and reporting any additional performance targets set by the state, region, or local area.

Branding and Common Identifier

Branding is a responsibility of the LWDB and LWDB staff, but the OSO is responsible for ensuring that branding reflects TDLWD standards. Furthermore, the OSO must report to the LWDB quarterly on any problems that they are experiencing with maintenance of branding standards. The AJCs' branding must be used to ensure recognition of the statewide seamless workforce system. Brochures, flyers, advertising media and announcements, stationery, business cards, and name tags used by the center staff must reflect the AJC. Signage outside and inside all comprehensive and affiliate centers must reflect the AJC branding. More information can be found in the AJC Style Guide (link provided in **Attachment E**). Please note that all products must adhere to the AJC branding guide requirements. All products must be procured according to proper standards; publications intended for the general public must be approved by the LWDB. Marketing materials may not be purchased without approval from the federal office and will not be reimbursed without such approval.

Collaborations Required for Grants that are Pursued by and Awarded to the Administrative Entity/Fiscal Agent

The One-Stop Operator must carry out all assigned duties as they relate to the delivery of services within the One-Stop System. If the USDOL, TDLWD, or the Administrative Entity of the local Board secures or allocates additional or specialized funds, the Board must direct the awarded entity on how to leverage the additional funds to maximize service delivery within the local area. Receipt of additional funds may require the assignment of additional duties without the ability to provide additional staffing.
